David,

I am sending you everything I have on the disk. I'm breaking it up in to three emails, because it is so large.

Let me know if you have any questions.

Dan,

Do you have a version of the Lilly AMP that includes the appendix? The January 2006 approval indicates that the AMP that we approved was dated December 2, 2005.

Thanks!

David

I do not have the appendix or appendices. The best reference that I can offer (and I do not know whether he has them) is Dan Bivins in OAQPS.

Charlie,

I understand the Lilly AMP contained an appendix (or appendices) that is/are relevant for our response to comments. Specifically, Section 7.0 of the Appendix titled, "Range of Method Application" was cited a number of times by HQ in the draft responses. However, I have not been able to locate that appendix. Do you have it? The version of the AMP you sent me on 10/22/2012 (Final AMP Rev07051121.pdf) does not have this appendix.

Page 7 of the attached document from Cooper purportedly includes information from that appendix.
